Empowering Cyber Champions to achieve Cyber Essentials Plus and build organisational resilience

Ready to take the next step in your cyber security journey? Designed for businesses that have completed Cyber Essentials (Level 1), this training gives your **Cyber Essentials Plus Champion** the knowledge and practical tools to prepare for assessment and achieve Cyber Essentials Plus certification.

Workshop Outcomes

You will develop the mindset and skills to create your **Cyber Essentials Plus Certification**

Action Plan:

- Understand Cyber Essentials Plus requirements and testing.
- Choose which users, devices, networks and cloud services to include in the assessment.
- Prioritise key security improvements to reduce cyber risk.
- Plan the next steps towards Cyber Essentials Plus certification.

Our tutors are industry professionals and educators with extensive experience in cyber security. They create a supportive and engaging learning environment that encourages reflection, collaboration, and practical application.

Eligibility & Funding

Cyber Essentials Plus training is fully funded for employees and managers from **small or medium-sized (SMEs) manufacturing businesses** operating in **Yorkshire** who are registered with Made Smarter and committed to achieving Cyber Essentials Plus certification.

Participants must attend all sessions and complete the short workplace project to develop their **Cyber Essentials Plus Certificate Action Plan**.

Cyber Essentials accreditation is required for this course. This means participants can focus on the Plus technical verification aspects.
