

The Solution

Automedi

Point-of-care Manufacturing.

Automedi is the world's first point-of-care micro FabLab. Its easy to use interface lets you manufacture a variety of equipment from our extensive catalogue, on-site whenever you need it.

Automedi's secure fleet network lets clinicians disseminate classical and innovative equipment designs right across the UK. **Producing in minutes what would usually take months; protecting care workers, patients and customers.**

“AUTOMEDI HELPED STRENGTHEN WORKING RELATIONSHIPS WITH OTHER HEALTHCARE PROFESSIONALS, MAKING ALPHABET PHARMACY A HUB OF PRIMARY CARE”

Automedi offers a range of unique features and benefits

- ✓ **Point-of-care Fabrication**
The equipment is made on-site from an in-built catalogue. Simply select what you need and get started.
- ✓ **Automatic Updates**
Benefit from a secured and functioning machine at all times.
- ✓ **Fast Turnaround**
Reduce the risk of delays by minimising the number of moving parts in the Supply Chain.
- ✓ **Automatic Hardware Up-grades**
Get the latest hardware available without a capital outlay.
- ✓ **Sustainable Waste**
We use 100% recyclable plastics and collect pre-use waste during maintenance visits. This is then recycled into new raw materials.
