BUILD YOUR CYBER SECURITY SKILLS

Cyber Security Awareness is for your business if:

- You are new to cyber security and want to understand the basics.
- You want your team to recognise and respond to common cyber threats.
- You want to build safer working practices and a stronger cyber-aware culture.

**CYBER
SECURITY
AWARENESS**

Empowering cyber champions to strengthen organisational resilience

New to cyber security? This practical 2.5-hour online workshop gives your **Cyber Security Champions** the knowledge, confidence and leadership skills to inspire safer working practices and build a strong culture of cyber awareness across your business.

Workshop Outcomes

You will develop the mindset and skills to create your **Cyber Resilience Action Plan**:

- Understand the cyber risks of adopting digital technology.
- Learn how to spot, prevent and respond to common cyber threats.
- Understand common risks such as phishing, weak passwords and cloud security.
- Create a practical action plan to embed cyber awareness and resilience.

Our tutors are industry professionals and educators with extensive experience in cyber security. They create a supportive and engaging learning environment that encourages reflection, collaboration, and practical application.

Workshops

Designed to fit around busy schedules, this training is delivered through a 2.5-hour online workshop. Participants will build the skills and confidence to strengthen everyday cyber hygiene, recognise scams, and protect their businesses from common cyber incidents.

➤ 1. Cyber Hygiene Essentials

Learn everyday digital security habits: strong passwords and password managers, multifactor authentication, software updates, Wi-Fi security and device encryption.

➤ 3. Cyber Basics for Business Owners

Understand why businesses are targeted, ransomware awareness and prevention, 3 2 1 backup strategy, cloud security basics, payment and vendor fraud.

➤ 2. Phishing & Scam Awareness

Learn how to recognise and respond to email phishing, SMS/WhatsApp scams, fake banking and delivery alerts and AI-driven impersonation threats.

All workshops combine discussion and applied exercises so that participants can immediately apply ideas to their own business.

Eligibility & Funding

Cyber security training is fully funded for employees and managers from **small or medium sized (SMEs) manufacturing businesses** operating in **Yorkshire** committed to building cyber resilience within its workforce and operations. No prior cyber security experience or qualifications are needed to access this training.
